

Laser Engravable Wood Plaques!

- Made in U.S.A.
- Exclusive edge profile
- Solid Hardwood
- Variety of sizes
- High quality
- Competitively priced

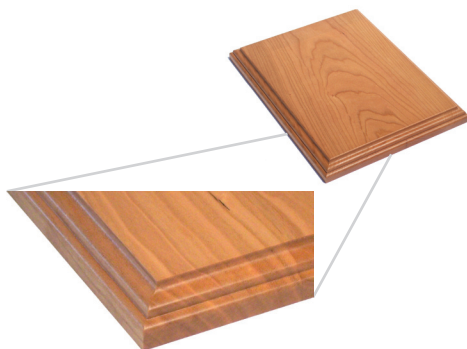

BF Woods

BF Woods laserable plaques are produced from the highest grade solid hardwoods and manufactured in the U.S.A.! These Plaques have an exclusive Raised Roman edge available only at B.F. Plastics, Inc. All plaques include two keyhole slots for hanging vertically or horizontally. These U.S.A. made wood plaques have two clear finishes on the face and edges for premier lasering and protection. A sealer coat on the backside prevents warping. BF Woods laserable plaques are great for commemorating significant people, groups or events!

Offered in Maple, Cherry and Walnut!

Sizes Available:

Exclusive Raised Roman Edge

Made from the finest North American hardwoods and coupled with a clear finish that's far superior to our competitors!

Your customers will love a commemorating plaque that has such an elegant style to it. Why offer just the ordinary Round or Bevel edge profile when you can offer our exclusive Raised Roman Edge Profile!

BF Woods are proudly made in the U.S.A.
