Get to Know Andy...

We here at B.F. Plastics believe having a strong family presence and instilled traditions is invaluable in our workplace. Andy Fichter is third generation and the son of Jim Fichter, President of BF. Andy has been involved with the company and industry for essentially his entire life. Starting out running and playing in the very warehouse his father and grandfather built, Andy is now in charge of that same warehouse. He has officially been with BF since 1995 and handles the purchasing

and inventory management. He also assists in shipping and receiving, custom fabrication and customer service.

In his free time, he enjoys the outdoor life with his wife and children- hiking, backpacking and recently he has taken an interest in outdoor cooking such as smoking meats and his famous Dutch oven chili. He has two beautiful children, Baylee (4) and Jacob (2). Andy and his wife, Sara, celebrated their five year wedding anniversary this year in June.

Duets by Gemini Engraving & Sheet Stock Features Advanced Acrylic Technology for Improved Sign Making

Gemini announces its Duets by Gemini engraving and sheet stock featuring 100% fully impact modified acrylic for improved characteristics for sign making in a variety of interior or exterior ADA, wayfinding and branding applications.

Duets are manufactured with superior quality in Gemini's state-of-the-art Class 10,000 cleanroom facility. Duets offers their 100% impact modified acrylic in a matte non-glare finish. To meet diverse design specifications our substrates are available in many popular colors. Duets are available with or without adhesive and come in several thicknesses including: .020" (0.51mm), 1/32" (0.8mm), 1/16" (1.6mm) and 1/8" (3.2mm).

Create Elegant Ornaments with Laserable Acrylic & Wood Sheet Stock

Have you tried making ornaments from our BF Acrylics or BF Woods Sheet Stock? Both materials offer superior laser engraving capabilities making it easy to personalize a stylish ornament or any type of holiday gift.

BF Acrylics is available in a variety of thicknesses and in popular transparent, frosted and solid colors brilliantly polished to a crystal clear clarity. It can also be used for any type of engraving and signage project such as awards, unique signage, point-of-purchase displays, etc.

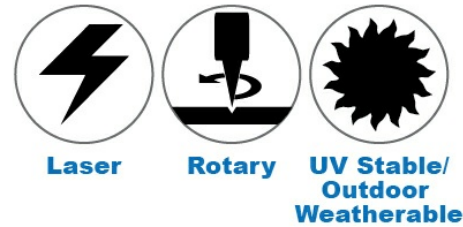

BF Woods Sheet Stock is manufactured from premium solid Maple, Cherry and Walnut with a catalyzed varnish finish which makes them great for lasering. BF Woods are proudly made in the USA and sets a high standard of quality.

Don't forget about these helpful engraving icons

We offer a wide variety of premium engraving, ADA and architectural sign substrates in a variety of thicknesses, colors and finishes.

Engraving material icon symbols were designed to provide quick and easy fabrication identification. The following symbols were developed to help engravers and sign makers identify key fabrication and weatherability properties/features of specific engravable materials.

These icons are located on all the engraving plastic product pages on our website.

Making it Easy for your Customers to Choose

Signage is the least expensive but most effective form of advertising. Showing off the signage and engraving products you offer is an essential key to business success. We provide several tools to help you generate customer awareness to help boost your company sales.

The Gemini Duets engraving plastic sheet stock swatch binder contains sample swatches for every color, pattern and finish offered. Replacement swatches are free. As Gemini is constantly innovating, contact us if you don't see the sample you need.

Your success is important to us so please contact us if you need any assistance with sales and marketing. If you need any graphics or files for upgrading your website, literature, etc. certainly let us know.
