# Texturize your signage

## Introducing Duets® Textures

**New  
PRODUCT**

**Fingerprint-proof durability for high-traffic and high-touch conditions.** Designed especially for the durability demands of high-touch environments, the uniform, textured finish of Duets® Textures is engineered to resist the appearance of fingerprints, permit detailed engraving and offer extreme durability. Ideal for public spaces, high-traffic retail and industrial environments, Duets Textures offers the ideal material for rugged outdoor or indoor signage and tagging applications with laser or rotary engraving versatility. **Enhanced function. Duets value.**

*From industrial labeling applications to commercial signage, Duets Textures meets a wide range of needs for rugged environments, indoors or out.*

# Data Sheet

## Duets Textures

### The versatile, fingerprint-proof solution for rugged jobs.

Duets Textures is the durable, UV stable and lightly-textured substrate solution that endures in the toughest, and most high-traffic environments, from industrial labeling requirements to public space wayfinding. Designed with the versatility of laser or rotary engraving, Duets Textures engraves cleanly, with crisp lines and detail, and offers reduced cleanup. The textured, impact modified acrylic material offers a clean, non-glare aesthetic that looks beautiful and thrives in rigorous applications that are subject to abrasion, fingerprinting and/or weather.

## DuetsTextures HIGH-TRAFFIC DURABILITY

### APPLICATIONS

- Interior Signage
- Tactile Signage
- Safety Signage
- Trophies & Awards
- Exterior Signage
- Industrial Labeling
- Public Spaces

### CHARACTERISTICS

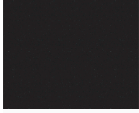

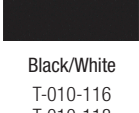

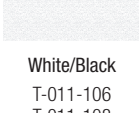

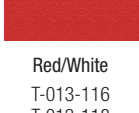

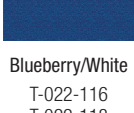

- UV stable
- Braille engravable
- Outdoor / indoor
- Front engravable
- Heat bendable
- Scores, drills
- Shears
- Saws, bevels
- Fingerprint resistant
- Bondable
- UV print
- Vector cut
- Hot stamp, silk screen

### SPECIFICATIONS

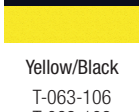

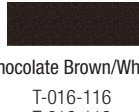

Material	Impact Modified Acrylic
Finish	Textured (non-glare)
Thickness: 2-ply	1/16" (1.6mm) 1/8" (3.2mm)
Engraving Method	Laser (may require two passes) or Rotary Carbide
Engraving Depth	.015" (.38mm)
Sheet Size: Full	24" x 49" (610mm x 1244mm)*

\*Size is approximate

### AVAILABLE IN 1/16" AND 1/8" THICKNESS

				
				
Size (in)	Black/White	White/Black	Red/White	Blueberry/White
1/16	T-010-116	T-011-106	T-013-116	T-022-116
1/8	T-010-118	T-011-108	T-013-118	T-022-118

		
		
Size (in)	Yellow/Black	Chocolate Brown/White
1/16	T-063-106	T-016-116
1/8	T-063-108	T-016-118

### RECOMMENDED LASER SETTINGS

(50 WATT SYSTEMS)

Raster Power: 45  
Raster Speed: 75  
DPI: 400  
1-2 Passes

Vector Power: 65  
Vector Speed: 40  
PPI: 400  
1 Pass for 1/16" thickness  
2 Passes for 1/8" thickness

In stock and ready to ship.
